ALUMINCO[®]
ALUMINIUM BUILDING SYSTEMS

40 años ofreciendo soluciones innovadoras y sostenibles para sistemas arquitectónicos de aluminio. ¡Y seguimos adelante!

Desde 1982, dirigido a la comunidad internacional de arquitectos, diseñadores, ingenieros, perfeccionistas de la construcción y fabricantes, ALUMINCO ofrece una gama completa de soluciones arquitectónicas de aluminio que son innovadoras, energéticamente eficientes y sostenibles, que incorporan la máxima calidad, alta funcionalidad y estándares de diseño contemporáneo.

En Aluminco implementamos Sistemas de Gestión de Calidad, Medio Ambiente, Seguridad y Salud en el Trabajo y Energía certificados según las normas internacionales ISO 9001, ISO 14001, ISO 45001 e ISO 50001 respectivamente, así como Sistema de Control de Producción en Fábrica certificado según EN 15088, EN 1090, y clase Qualicoat Seaside. Todas nuestras series de productos están aprobadas por institutos certificados reconocidos internacionalmente por sus excelentes características y rendimiento.

40 years offering innovative and sustainable solutions for architectural aluminium systems. And we keep on going!

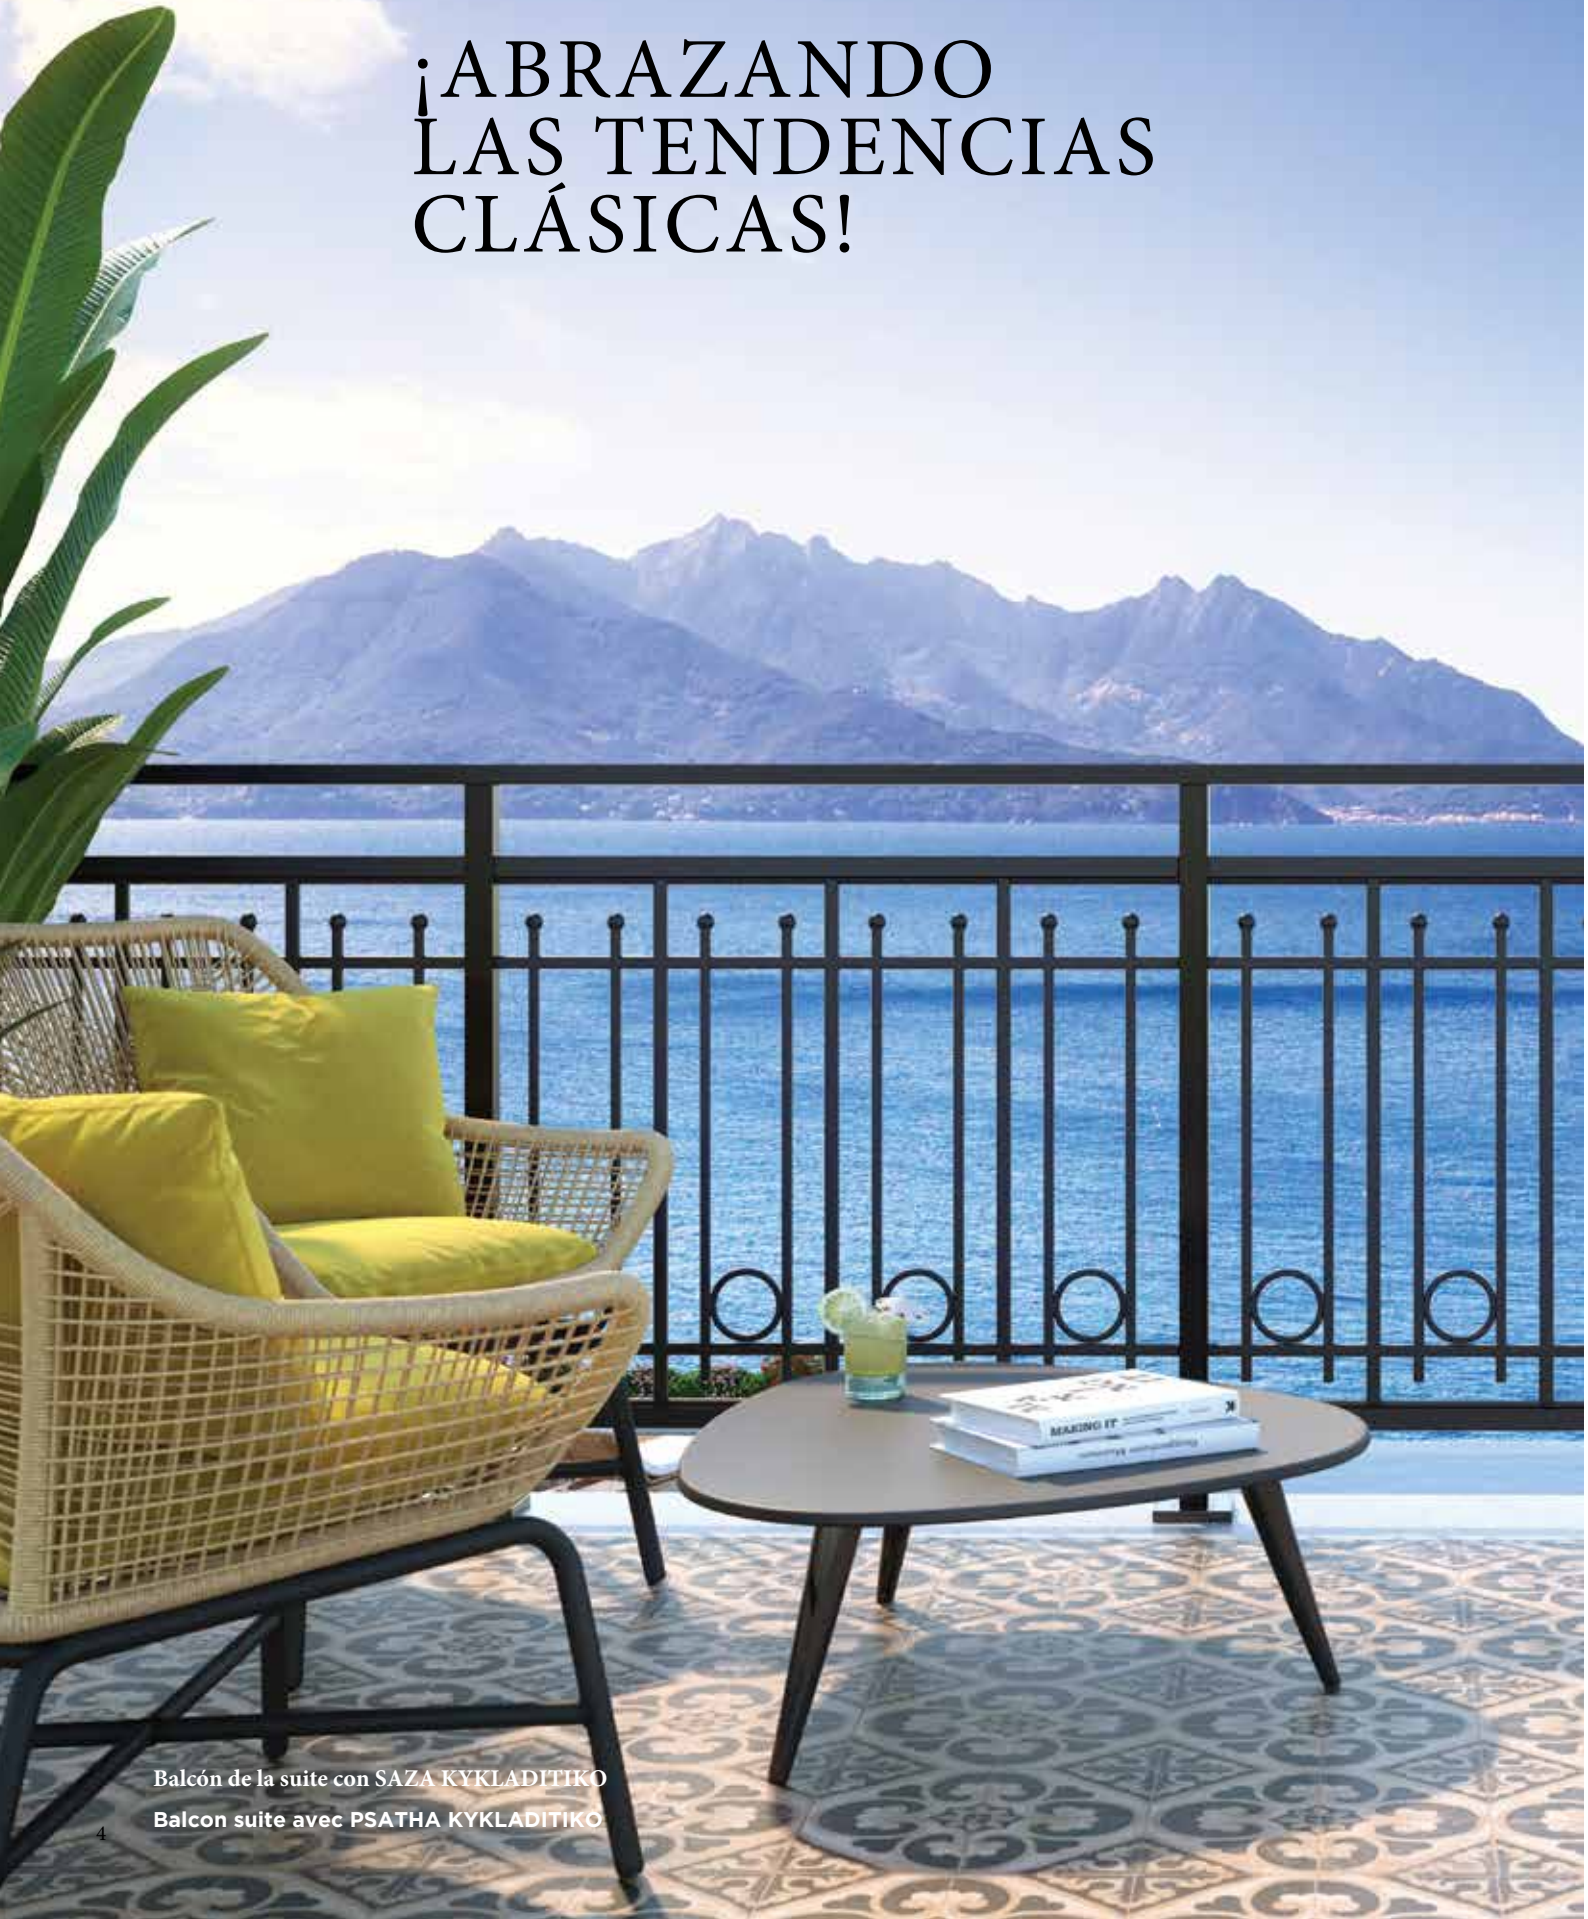

Since 1982, targeting the international community of architects, designers, engineers, construction perfectionists and fabricators, ALUMINCO offers a complete range of architectural aluminium solutions that are innovative, energy efficient and sustainable, embodying top quality, high functionality and contemporary design standards.

In Aluminco we implement Quality, Environmental, Occupational Health and Safety, and Energy Management Systems certified according to international standards ISO 9001, ISO 14001, ISO 45001 and ISO 50001 respectively, as well as Factory Production Control System certified according to EN 15088, EN 1090 and Qualicoat Seaside Class. All our product series are approved by certified by internationally recognized institutes for their outstanding characteristics and performance.

TOMORROW

¡ABRAZANDO LAS TENDENCIAS CLÁSICAS!

Balcón de la suite con SAZA KYKLADITIKO
Balcon suite avec PSATHA KYKLADITIKO

La vista panorámica sobre el mar Jónico y las verdes laderas que caen hacia los mares azul verdosos es espléndida, pero no es la única característica memorable que ofrece este balcón.

¡La selección de barandillas clásicas ha hecho de esta casa una vivienda de última generación!

The panoramic view over Ionian Sea and the green hillsides that tumble down to blue-green seas is splendid, but it is not the only memorable feature that this balcony has to offer.

Selecting Classic Railings, have made this home a State-of-the-art!

¡HAZTE
NOTAR!

Nuestra colección clásica se basa en el saber hacer de más de 35 años. Desde edificios comerciales hasta diversos estilos residenciales, cada solución es una obra de arte.

Descubra nuestra línea completa de soluciones clásicas, las colecciones CLS, ALFLEX y SAZA.

Durabilidad, calidad y estilo están asegurados. Opciones ilimitadas que crean experiencias duraderas para espacios de vida al aire libre.

Our classic collection is built on the know-how of more than 35 years. From commercial buildings to diverse residential styles, each solution is a work of art.

Discover our complete line of classic solutions, the CLS, the ALFLEX and the PSATHA collections.

Durability, quality, and style are assured. Unlimited options that build lasting experiences for outdoor living spaces.

DISEÑO Y PRESTACIONES: ¡LAS LÍNEAS CLS!

La estética importa cuando se trata de barandillas. Pero no se trata sólo de apariencia. Las barandillas clásicas son una solución de última generación que combina altos estándares de seguridad.

Fabricada en aluminio duradero, la estructura de la barandilla se basa en perfiles de aluminio especialmente diseñados, que no requieren soldadura.

Los postes están disponibles en tres dimensiones, 40x40, 80x80 y 64x12, mientras que las bases de barandilla de alta calidad están diseñadas para instalación superior. Opcionalmente, los postes se pueden instalar directamente en el hormigón sin una base de por medio.

El acabado con recubrimiento en polvo de alta durabilidad proporciona años continuos de barandillas prácticamente sin mantenimiento.

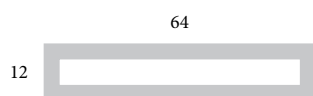

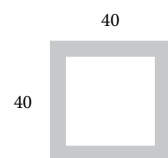

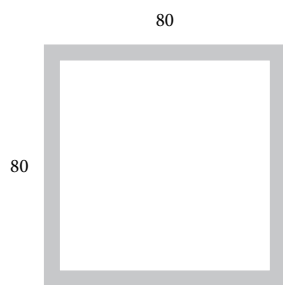

Aesthetics matter when it comes to railings. But it is not just about looks.

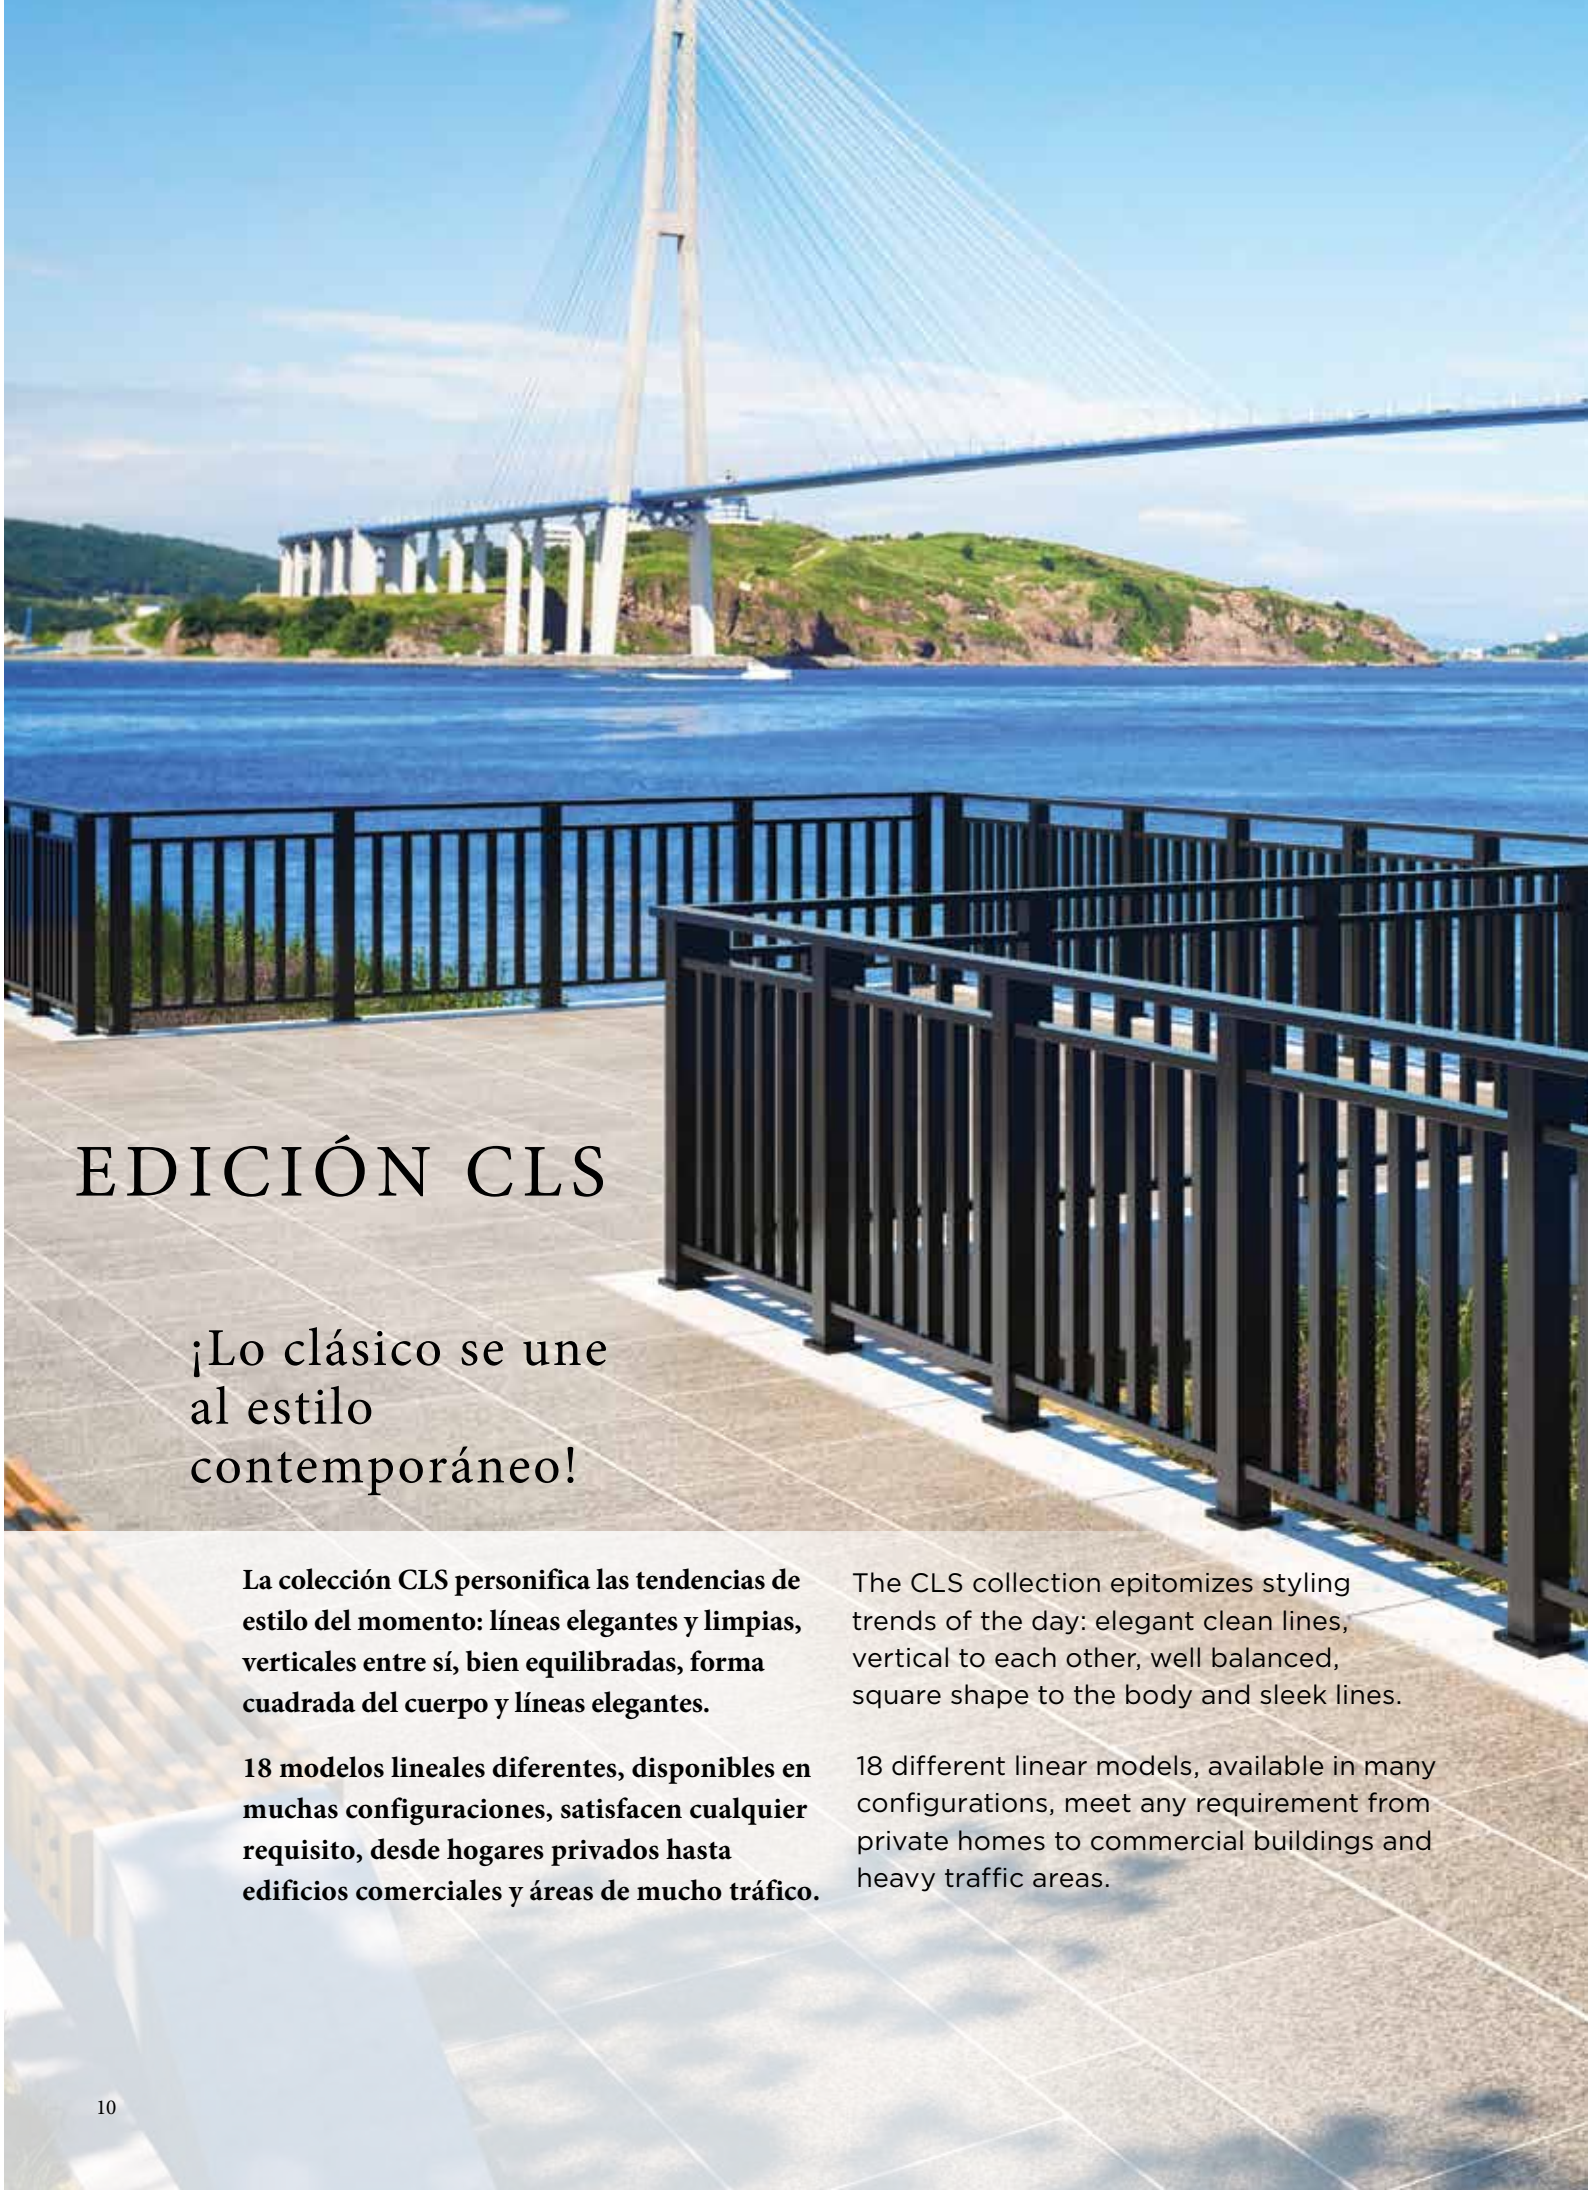

Classic railings are a state-of-the-art solution combining high safety standards.

Made of durable aluminium, the railing structure is based on specially designed aluminium profiles, which do not require welding.

The posts are available in three dimensions, 40x40, 80x80 and 64x12, whereas high quality railing bases are designed for top installation. Optionally, the posts can be installed directly into the concrete without a base in between.

Finished in high durable powder coating, provide continuous years of virtually maintenance free railings.

EDICIÓN CLS

¡Lo clásico se une
al estilo
contemporáneo!

La colección CLS personifica las tendencias de estilo del momento: líneas elegantes y limpias, verticales entre sí, bien equilibradas, forma cuadrada del cuerpo y líneas elegantes.

18 modelos lineales diferentes, disponibles en muchas configuraciones, satisfacen cualquier requisito, desde hogares privados hasta edificios comerciales y áreas de mucho tráfico.

The CLS collection epitomizes styling trends of the day: elegant clean lines, vertical to each other, well balanced, square shape to the body and sleek lines.

18 different linear models, available in many configurations, meet any requirement from private homes to commercial buildings and heavy traffic areas.

EDICIÓN AL-FLEX

¡Piezas de patrimonio
emocionantemente
únicas!

Balcón con vista al mar usando ALFLEX EROTAS
Ocean view balcony using ALFLEX EROTAS

La colección ALFLEX fue concebida para atender cerramientos de escaleras además de balcones y terrazas.

Como “flexible” es la palabra clave, la serie ofrece 17 diseños diferentes y todos los conectores necesarios, para garantizar cualquier tipo de instalación posible. Ideal para casas nuevas y remodeladas.

The ALFLEX collection was conceived to cater for staircase enclosures apart from balconies and terraces.

As “flexible” is the key word, the series offers 17 different designs and all necessary connectors, to ensure any type of installation possible.

Ideal for new as well as remodelled homes.

EDICIÓN SAZA

¡Lo clásico siempre tiene clase!

La colección SAZA es una prueba real de que las barandillas son obras de arte.

El objetivo principal de las barandillas es brindar seguridad y cumplimiento de los códigos. Las barandillas de Aluminco ofrecen más que eso: belleza clásica y atemporal y elegancia única.

Apartamentos, hoteles y casas particulares utilizan barandillas de ALUMINCO. Ya sea un edificio nuevo o remodelado, las barandillas clásicas añaden el toque final.

Fabricadas a partir de un marco de aluminio y un soporte con rellenos de aleación de aluminio fundido con las propiedades mecánicas adecuadas, nuestras barandillas clásicas ofrecen durabilidad frente a las inclemencias del tiempo y resistencia incluso en zonas de mucho tráfico.

The PSATHA collection is a real evidence that railings are artworks.

The main purpose of railings is to provide safety and code compliance. Aluminco railings are offering more than that, timeless, classic beauty and unique elegance.

Apartments, hotels and private houses utilize ALUMINCO railings. Whether it is a new building or a remodeled one, classic railings add the finishing touch.

Made from an aluminium frame and support with infills of cast aluminium alloy with the right mechanical properties, our classic railings offer durability against harsh weather conditions and strength even for heavy traffic areas.
