ORBIT, ELXIS, SYNTHESIS

Cada tipo tiene sus propias características, y se crea un nuevo look, mientras ofrece la última respuesta a lo demandado con un sistema de pasamanos contemporáneo.

In the great family of ALUMINCO's railing systems joins the series Fusion Line.

The new series takes its name from its ability to combine with harmony and fantasy glass with aluminum in countless combinations, while at the same time to remain uncluttered, affordable luxury and very beautiful.

In this new series are the following types:

ORBIT, ELXIS, SYNTHESIS

Each type has its own character, it is completely unique in the railing market, creating an entirely new look while offering the ultimate answer to the demand for contemporary and stylish railing systems.

Nueva experiencia con un nuevo mundo de barandillas

Fusion Line mejora considerablemente los aspectos de los pasamanos. Introduce ventajas y perfiles robustos con una fuerza extra.

-Diseño único para un look notable en un sistema de pasamanos único.

An entirely new experience enters the world of railings

Fusion line dramatically improves the most important aspects of the Railings experience. It introduces advanced and robust profiles for extra strength, unique design for impressive look and the best performance ever in a railing system.
